other leave, or other conditions of employment shall seek adjustment in the Step order listed below. Written warnings shall be issued by the supervisor to the affected employee on ordinary infraction of rules before suspensions are issued against an employee. A copy of such warning shall also be given to the Chief Steward by the Supervisor. Oral warnings shall precede written warnings. Time extension beyond those stipulated below may be arrived at by mutual agreement of the parties concerned. All references to days in this section shall mean calendar days.

Step 1 – Employee to Superintendent

Within fifteen (15) days of its occurrence, or knowledge of its occurrence, the affected employee or the Union shall present to the Superintendent the facts available pertaining to the problem or incident and the remedy sought to adjust the problem.

Within seventy-two (72) hours, the Superintendent shall adjust the problem or notify in writing the employee and/or his Representative of his decision.

Step 2 – To the Director of Human Resources

The employee and/or the Union may appeal the decision of the Superintendent to the Director of Human Resources within fifteen (15) days. The Director of Human Resources shall render a decision in writing to the Union within ten (10) days of receipt of the grievance.

Generic (preferred/non-preferred)**	\$5/\$10	\$5/\$10	\$0
Preferred/Listed Brand Name Drugs	\$25	\$25	\$5
Non-Preferred/Non-Listed Brand Name Drugs	\$40	\$40	\$12.50
Annual Out-of-Pocket Maximum	\$4,600 Individual/\$9,200 Family		

+ Initial 30-day supply at retail pharmacy is permitted. Thereafter, 90-day supply is required—through mail-order or at a retail pharmacy participating in the State of Connecticut Maintenance Drug Network.

** Prescriptions are filled automatically with a generic drug if one is available, unless the prescribing physician submits a Coverage Exception Request attesting that the brand name drug is medically necessary.

Preferred and Non-Preferred Brand-Name Drugs

A drug's tier placement is determined by Caremark's Pharmacy and Therapeutics Committee, which reviews tier placement each quarter. If new generics have become available, new clinical studies have been released, new brand-name drugs have become available, etc., the Pharmacy and Therapeutics Committee may change the tier placement of a drug.

If your doctor believes a non-preferred brand-name drug is medically necessary for you, they will need to complete the Coverage Exception Request form (available at www.osc.ct.gov/ctpartner) and fax it to Caremark. If approved, you will pay the preferred brand co-pay amount.

If You Choose a Brand Name When a Generic Is Available

Prescriptions will be automatically filled with a generic drug if one is available, unless your doctor completes Caremark's Coverage Exception Request form and it is approved. (It

is not enough for your doctor to note "dispense as written" on your prescription; a separate form is required.) If you request a brand-name drug over a generic alternative without obtaining a coverage exception, you will pay the generic drug co-pay PLUS the difference in cost between the brand and generic drug.

Mandatory 90-day Supply for Maintenance Medications

If you or your family member takes a maintenance medication, you are required to get your maintenance prescriptions as 90-day fills. You will be able to get your first 30-day fill of that medication at any participating pharmacy. After that your two choices are:

- Receive your medication through the Caremark mail-order pharmacy, or
- Fill your medication at a pharmacy that participates in the State's Maintenance Drug Network (see the list of participating pharmacies on www.osc.ct.gov/ctpartner) and scroll down to Pharmacy under Benefit Summaries.)

The Health Enhancement Program (HEP) is a component of the medical plan and has several important benefits. First, it helps you and your family work with your medical providers to get and stay healthy. Second, it saves you money on your healthcare. Third, it will save money for the Partnership Plan long term by focusing healthcare dollars on prevention.

Health Enhancement Program Requirements

You and your enrolled family members must get age-appropriate wellness exams, early diagnosis screenings (such as colorectal cancer screenings, Pap tests, mammograms, and vision exams). **Here are the 2024 HEP Requirements:**

2024 PREVENTIVE SCREENINGS	Dependent Requirements	Employee and Spouse Requirements				
	6-26 years	18-29 years	30-39 years	40-49 years	50-64 years	65+ years

Breast Cancer Screening (for women) (Changing to every 2 years for women age 40+ in 2025)		N/A		1 mammogram between ages 45-49	As recommended by your doctor	
Cervical Cancer Screening (for women)		Pap every 3 years (age 21+)	Pap only every 3 years or Pap/HPV combo every 5 years			N/A
Colorectal Cancer Screening		N/A		Colonoscopy every 10 years (45+), Cologuard screening every 3 years, or Annual FIT/FOBT to age 75		

To check your Health Enhancement Program compliance status, visit CareCompass.CT.gov, then sign in or register for your Quantum Health benefits portal. To view your status, click the My Health tab in your portal.

You can also download the MyQHealth app on the App Store or Google Play.

Additional Requirements for Those With Certain Conditions

If you or any enrolled family member has 1) Diabetes (Type 1 or 2), 2) asthma or COPD, 3) heart disease/heart failure, 4) hyperlipidemia (high cholesterol), or 5) hypertension (high blood pressure), you and/or that family member will be required to participate in a disease education and counseling program for that particular condition. You will receive free office visits and reduced pharmacy copays for treatments related to your condition.

These particular conditions are targeted because they account for a large part of our total healthcare costs and have been shown to respond particularly well to education and counseling programs. By participating in these programs, affected employees and family members will be given additional resources to improve their health.

If You Do Not Comply with the requirements of HEP

If you or any enrolled dependent becomes non-compliant in HEP, your premiums will be \$100 per month higher and you will have an annual \$350 per individual (\$1,400 per family) in-network medical deductible.
